

BAND-IT[®]

SOLUTIONS FOR THE ENERGY MARKET

FASTENING SOLUTIONS THAT LAST IN THE HARSHTEST ENERGY APPLICATIONS

BAND-IT provides high quality, high volume engineered manufacturing to ensure that our fastening solutions perform in extreme onshore, offshore and subsea oil and gas environments to your specifications. Our energy team are specialists at completing any customer requirement—from product specifications, paperwork compliance, to utilizing our global locations for quick delivery—we will work with you to ensure total compliance and satisfaction on your project.

DOWNHOLE CLAMPING SOLUTIONS DESIGNED FOR HARSH-DUTY WELL ENVIRONMENTS

CORROSION RESISTANT SUBSEA CLAMPING SOLUTIONS THAT WILL LAST THE LIFETIME OF YOUR PROJECT

SIMPLE, PERMANENT SOLUTIONS FOR FRAC IRON RECERTIFICATION AND IDENTIFICATION PROGRAMS

DOWNHOLE CLAMPING SOLUTIONS

Manufactured using materials specifically for harsh-duty environments, BAND-FAST® and coil fastening solutions can be used to attach artificial lift, downhole oil and gas applications, such as ESP cables, control lines, capillary tubes, fiber optic lines, and intelligent completions.

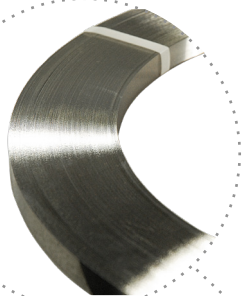

PRE-CUT BANDS AND SEALS

- BAND-FAST® pre-assembled and pre-cut band is quick and easy to install
- Range of corrosive resistant materials to match your well environment

COILS AND SEALS

- Available in a range of corrosion-resistant materials to match your well environment
- Band and seals provide low cost downhole fastening solutions vs. other clamp types
- 30-40 lb. "Safety Coils" allow for single operator safe handling

FLAT SEAL BAND-FAST®

- Pre-bent band allows for consistent location on cable and casing
- Used primarily for round cable

BAND-IT BAND-FAST® and coils are used to fasten many different types of subsea applications including VIV strakes, fairings, pipelines, risers, buoyancy modules, piggyback blocks, guides and saddles, pier and piling, umbilicals, esp cables, capillary tubes and reservoir monitoring systems.

PRE-CUT BAND-FAST®

- Available in Zeron®100, Alloy 625, Titanium, 316 Stainless Steel, 200/300 Stainless Steel, and Carbon Steel
- Precut clamps are free of sharp edges and burrs
- Repeatable, consistent clamp every time

ZERON® 100 PRODUCTS

Zeron 100 material ensures superior corrosion resistance, outperforms common oil & gas band materials, and has stable prices vs. high nickel content alloys.

- Zeron 100 is a cost effective banding alternative to Alloy 400, Alloy 625, & Other High Nickel Alloys.
- Zeron 100 BAND-FAST offered in any custom length, and either 3/4" or 1 1/4" width. Coils and Seals available in Zeron 100 in 3/4" and 1 1/4" width.

ALLOY 625 JR. SMOOTH HOSE CLAMPS

- Available for applications up to 8" outside diameter
- Permanent hose clamp, double wrapped for additional strength

IRON IDENTIFICATION

BAND-IT colored bands are used for frac iron recertification, asset management, and other visual identification programs. Whether you need to create an RFID-integrated band, custom marked band, or color-matched band to a non-standard color, our experienced team will partner with you to help solve your identification needs.

DOWNHOLE ACCESSORIES

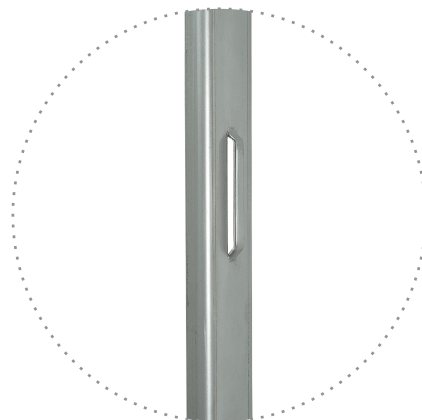

Downhole customers take advantage of our global warehousing and vendor managed inventory services to ensure BAND-IT products are always on-site. Purchasing accessories with your band and seal order ensures consistent high quality products and simplifies order processing.

BAND-IT is certified to rigid ISO/TS first tier Automotive Manufacturing processes

CABLE GUARDS

Used to protect ESP cables, control lines, or encapsulated lines. Use Super Bands for quick installation.

INSTALLATION TOOLS

Downhole Banding

BAND-IT sells a full range of hand and powered installation tools for all of our banding products. The **XE4809 Fromm Pneumatic Combination** tool tensions, seals, and cuts 3/4" bands and seals.

XE4809 Tool Repair

Save time and money with tool repair from BAND-IT's factory-trained technicians.

Subsea Banding

The **X80304 Signode Pneumatic Combination** tool tensions, seals, and cuts 1 1/4" bands and seals.

T30069: Center Punch Tool

Used to apply BAND-IT® 3/8" and 5/8" Center Punch Clamps, 201 Stainless Steel Band and Galvanized Carbon Steel Clamps.

CP4000-D Cordless Tool

BAND-IT's new heavy-duty tool offers consistent max clamping force for reliable clamp installation anywhere in the shop or in the field. Built on the proven 4000-D platform for easy and intuitive use.

Compatible with BAND-IT 5/8" Center Punch Clamps in 201 SS or Galvanized as well as Center Punch Band Fast with Color-It.
