BAND-FAST[®]

IRON IDENTIFICATION

For over 70 years, BAND-IT[®] has set the industry standard for *Maximum Clamping Performance and Reliable Delivery.*

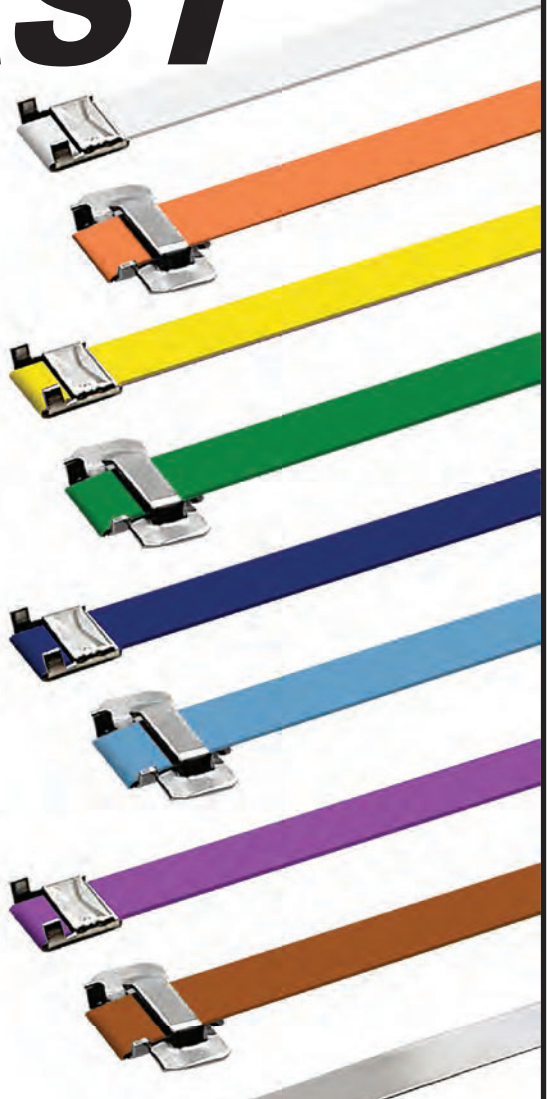

Developed for Iron Identification, BAND-FAST[®] is ready to use band, pre-cut and pre-assembled with a clip, buckle, or seal. (Ear-Lokt and Valuclick Buckles are shown at right) Pre-assembled product saves up to 30% in time and labor costs. No measurements or cutting to length is necessary, eliminating sharp edges and waste.

BAND-FAST[®] for Iron Identification projects comes in 18", 22", 27" 30", & 40" lengths and assorted package quantities to cover your highest volume needs. Additional sizes available upon request.

COLOR-IT[®] coating technology, a durable polyester coating, has been added to provide visual identification for maintenance & inspection intervals. COLOR-IT[®] plus BAND-FAST[®] eliminates the issues caused by using tape, such as: weathering, color fading, residue and difficulty in removal. COLOR-IT[®] colors have been chosen and approved by well fracturing contractors, creating a color rotation scheme, eliminating the guesswork or any confusion on the exact color. 12 standard colors available or call for custom colors.

BAND-FAST[®] bands with COLOR-IT[®] are engravable and provide:

- Superior Performance
- Safety (No Sharp Edges)
- Consistency
- Labor Savings
