

Food Processing

Complete Line of Fastening Solutions for Food Processing Applications

- Fast, easy application
- Temporary and permanent solutions
- Corrosion and UV resistant
- Broad product selection

Fluid Transfer/Material Handling

Food and beverage products, wet or dry, need to be moved to various stations in the facility. Use BAND-IT® stainless steel clamps on industrial hoses for superior, leak free performance every time.

Identification

BAND-IT® identification products can be used anywhere identification needs are required. Whether you are identifying hoses, processing equipment or storage tanks, BAND-IT® identification products last!

Insulation

BAND-IT® products can be used to secure insulation around large vats or tanks used for warming or cooling liquids and solids in the food processing industry.

Maintenance

BAND-IT® products are perfect when it comes time to secure, band, bundle, clamp or identify something on the job. **Total Fastening Solutions... That's BAND-IT!**
