BAND-IT®

Mining

Complete Line of Fastening Solutions for Mining Applications

- Fast, easy application
- Temporary and permanent solutions
- Corrosion and UV resistant
- Broad product selection

Material Transfer/Hose Attachment

Whether the need is to move large volumes of water or to attach hoses to slurry trucks, BAND-IT® products get the job done right. Hose clamps are available in several materials including 201, 201 1/4 hard, 316 stainless steel and galvanized carbon steel.

Sign Hanging & Traffic Management

BAND-IT® has a complete line of traffic management products to hang signage, traffic signals, traffic monitoring systems, communication boxes, motion sensors and security cameras. Products are available in 201 and 316 stainless steel.

Cable Bundling & Device Mounting

BAND-IT® products can be used in a variety of ways to secure cables, communication lines, surveillance lines, cable bundling and a host of other applications. Cable ties, buckles and banding are available in 201, 304 as well as coated and uncoated 316 stainless steel.

Identification

BAND-IT® COLOR-IT® products are color coated 201 stainless steel bands that stand up to the harshest environments that are used to identify maintenance schedules or pipe runs in the field. BAND-IT® offers easy-to-use stainless steel identification numbers, letters, symbols and blank tags with stainless steel cable ties that provide a fast and simple solution for device identification.

Maintenance & Security Fencing

BAND-IT® products are perfect when it comes time to fasten, secure, band, hang, bundle, clamp or identify something on the job. Our products make securing perimeter fencing easy and the Ultra-Lok® products are tamper proof. Anytime, anywhere, BAND-IT® provides ***Total Fastening Solutions***.
