TOTAL SAVINGS	\$0	SAVED \$410

Assume two workers making \$20.00/hr installing 120 band clamps (equivalent of 5 rolls of band) on 39" circumference pole.

Assume assembly time is three minutes per band for one installer.

This is an estimate based on market research and industry information. Data may vary with location and other factors.

Why Use It?

- Save Time - quickly finish and move onto your next project
- Save Money - eliminate high cost assembly time
- Increase Safety - less time in hazardous work zone
- Maximize Material Planning - less material waste
- Custom Colors - match to decorative colored poles
