

BAND-IT®

Engineered Fastening Solutions

SUBSEA BANDING

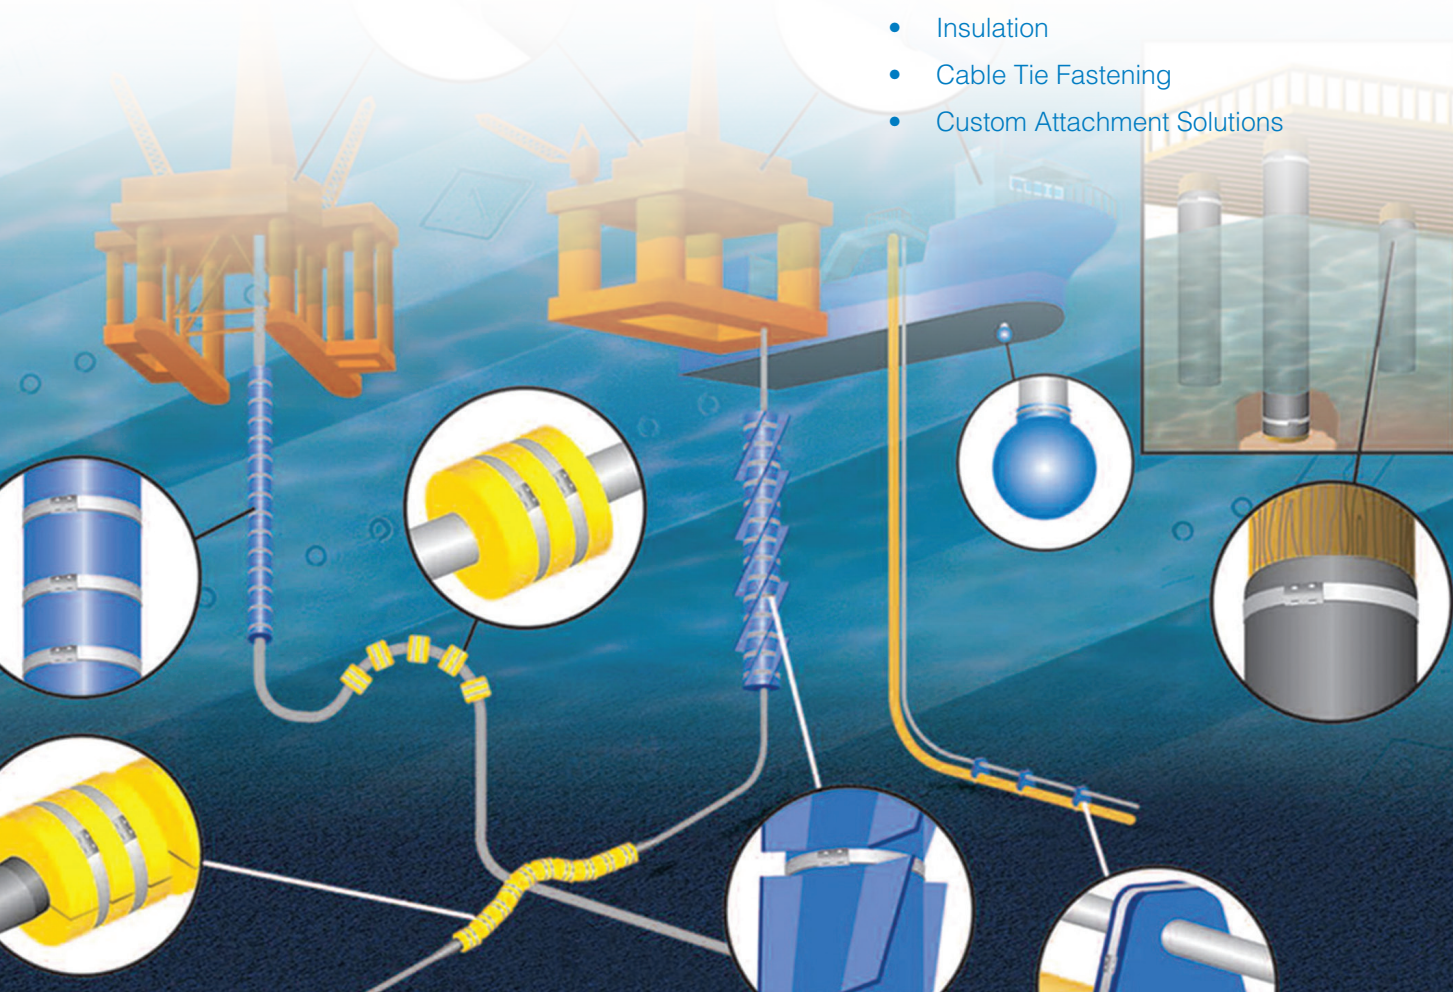

BAND-IT® manufactures high quality BAND-FAST®, coils, and seals in custom materials, lengths, and packaging for a variety of Subsea band clamping applications.

BAND-IT® ADVANTAGE

- BAND-FAST® Provides Lowest Installed Cost
- Certified Engineered Manufacturing Process
- Documented Full Traceability on Products
- Wide Range of Materials
- Custom Engineered Band & Coil Products
- HSE Safe
- High Volume Specialists
- Global Locations
- Alloy Bands are Proven Industry Standard

APPLICATIONS

- Fire Suppression
- VIV Strakes
- Piggyback Blocks
- Pier & Piling
- Guides & Saddles
- Riser Protectors
- Buoyancy Modules
- Hose Clamping
- Pipeline Protectors
- Insulation
- Cable Tie Fastening
- Custom Attachment Solutions

BAND-FAST® *(precut band with attached seal)* Provides Lowest Installed Cost vs Coils.

Quicker Installation

- No additional work to make band clamps
- Reduce additional measuring and cutting from coils
- Repeatable, consistent clamp every time

Safer Handling

- Precut clamps are free of sharp edges and burrs
- Reduced cutting and clamp forming steps reduces chance of injury
- Less time in hazardous work zone

Easier to Manage Inventory

- Less scrap, reduces additional inventory management costs
- Easy to count, manage, and track band inventory (no additional weight or measurement calculations needed)
- Minimal work & storage space needed vs. large diameter coils

BAND-FAST® *(precut band with attached seal)*
