

BAND-IT

THE ULTIMATE FASTENING SYSTEMS

SECURING HOSE SLEEVING IN HIGH PRODUCTION ENVIRONMENTS WITH THE UNIVERSAL CLAMP (TIE-LOK® PREFORMED TIES) & IT1000-C TOOL

Hose Sleeve Secured with
a Universal Clamp (TIE-LOK® Preformed Tie)

PRODUCT FEATURES

- Vibration resistant lip lock design
- Smooth, safe, strong cutoff and lock
- Low profile buckle – prevents snags and cuts
- 1/4" width band reduces clearance needed around the hose
- Provides fast and repeatable installation in the production environment
- Low profile buckle design reduces catching of foreign material
- Extreme diameter reduction allows for the same tie to be used on a range of hose sizes, resulting in SKU reduction
- Strong patented dimple locks immediately with no loss of tension
- 25% cost savings compared to JS equivalent
- Available in 304 and 316 stainless steel for extreme environments

Optimize your hose sleeving installation with the Universal Clamp and IT1000-C Pneumatic tool from BAND-IT and virtually eliminate clamp failures and sleeve pull through.
