

BAND-IT®

ENGINEERED FASTENING SOLUTIONS

HEAVY EQUIPMENT CLAMPING SOLUTIONS

HYDRAULIC HOSE SLEEVING & HOSE CLAMPING

Securing your sleeving to your fittings with BAND-IT Preformed Clamps & Ties will ensure permanent attachment around the full perimeter of the hose fitting.

EXHAUST SYSTEMS / EGR COOLERS

Wrap the odd contours of EGR coolers and mounting brackets with Ultra-Lok® bands to form an incredibly strong bond that conforms to almost any shape.

HOSE FITTINGS FOR FUEL LINES & RADIATOR HOSES

Secure fuel & radiator lines, coolant systems, QD joints, subassemblies and more with BAND-IT ties & preformed clamps. Ties can be used to secure hoses to the frame or other solid component to reduce abrasion wear.

ESSENTIALLY EVERYWHERE

HYDRAULIC HOSE & HOSE SLEEVING SOLUTIONS

**JUNIOR SMOOTH
ID CLAMPS**

**TIE-LOK®
PREFORMED TIES**

**CENTER PUNCH
CLAMPS**

To ensure the performance of lifesaving safety sleeving, it must be securely fastened in place. BAND-IT ties & preformed clamps ensure permanent attachment, with a low profile buckle design.

- Resistant to mechanical vibrations and severe thermal cycling.
- Accommodates a wide range of diameters.
- Smooth, safe, strong cutoff and lock.
- Corrosion resistant Stainless Steel.
- Low profile buckle design.

EXHAUST SYSTEM SOLUTIONS

Where other joining solutions fail due to extreme thermal cycling, vibration and disparate temperatures of joined components, Ultra-Lok bands form a bond that is highly resistant to those same forces.

- Complete system of clamp and tool designed to work together to apply 3-5 times faster than band and buckle hand tools.
- Unique lock formed under full tension maximizing tightness resulting in superior retained force.
- High tamper, vibration, and heat resistance.
- Easy installation & lightweight.

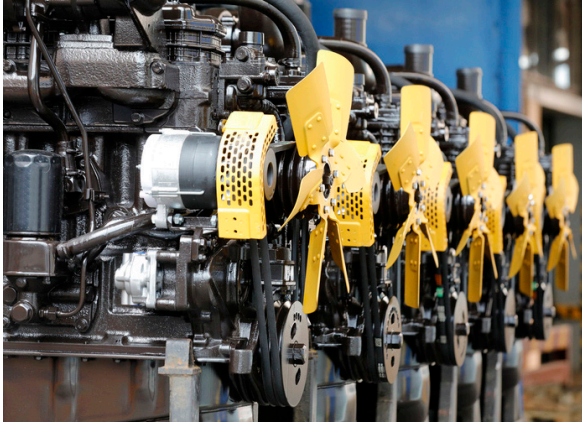

ULTRA-LOK SYSTEM

UL BAND & BUCKLE

UL4000-D INSTALLATION TOOL

**SMOOTH EDGES, LOW PROFILE, MULTIPLE DIAMETERS,
AND CONFORMS TO IRREGULAR SHAPES!**

FUEL LINES & RADIATOR HOSES

**TIE-LOK®
PREFORMED TIES**

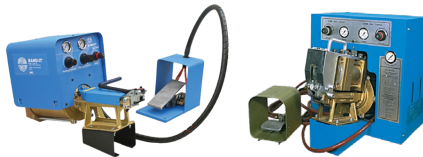

**JUNIOR SMOOTH
ID CLAMPS**

- Clamps are adjusted to precisely the right tension every time.
- Secure fuel & radiator lines with a variety of diameters.
- Simplifies inventory with the ability to use one SKU.
- Low profile & smooth cutoff to avoid catch points.
- Leak & vibration resistant.

INSTALLATION TOOLS

IT SERIES TOOLS
COMPATIBLE WITH JR
SMOOTH & TIE-LOK
