

BAND-IT®

ENGINEERED FASTENING SOLUTIONS

THE PLC MULTI-TOOL

Smarter Control. Streamlined Performance.

Unlock next level efficiency with the new PLC Multi-Tool. Engineered to simplify operations, save space, and boost productivity.

Available Q4 2025!

Why use it?

- **Run More Tools at Once:** Operate up to 4 IT8100 or IT7100 tools or 3 iCS tools at once. Maximize throughput without expanding your footprint.
- **Save Control Panel Space:** Consolidate hardware and reduce clutter with a compact single controller solution.
- **Modernized User Interface:** Navigate with ease using an intuitive HMI that simplifies tool control and adjustments.
- **Faster Cycle Times:** Experience reduced cycle times for iCS tools. Speed up production without sacrificing precision.
- **Enhanced Data Logging & Plotting:** Track performance and analyze trends.

LESS COMPLEXITY. MORE PRODUCTIVITY.

Discover how the PLC Multi-Tool can transform your workflow
